## Water, water everywhere...

...well on the roads anyway. If only there was some sort of drainage system that could transport the water away, that would be awesome. Anyway, it looks like at least one route has been cleared towards Crediton, so escape is still possible for the time-being...

Well, December is here, how on earth, it only seemed like yesterday that it was summer, etc. But first a quick rewind to November, which saw a swathe of dayglo and bubble skirts up at the hall for the 80s Night. The usual party animals turned up for a great evening of music and bad dancing/fashion to raise money for the PTA and the hall.

December sees the annual Christmas Fayre up at the hall on Saturday 10th and there's also the return of the Christmas Lights Competition where there's a £50 voucher for The Duck up for grabs.

In other news, there's an update on the avian flu situation and also a link inside to the Mid Devon Resident's Survey, which you are being encouraged to participate in.

Other than that, it's all about the run up to the festive period, battling over the thermostat and trying not to eat too much cheese...

That's all, have a wonderful Christmas and New Year, whatever you get up to!

Cheers...

# AVIAN INFLUENZA PREVENTION ZONE

## Essential biosecurity and housing requirements for chicken and turkey keepers

- ✓ Keep your chickens and turkeys housed. If you do not have purpose-built housing you could use a garden shed or polytunnel, as long as there is adequate light, space and ventilation.
- ✓ Ensure there are no leaks or other forms of water ingress to the building.
- ✓ Seek guidance from your vet if you have concerns regarding your birds' health and welfare needs due to the new housing requirements.
- ✓ If it is impossible for you to completely house your birds, you must separate them from wild birds. Provide an enclosure or temporary structure that is fully netted (holes no greater than 2-5cm diameter)
- ✓ If there are any gaps in your housing where wild birds could get in, block them, or cover with netting.
- ✓ Partially enclosed birds must be kept separate from any fully housed birds.
- ✓ Feed and water must be provided indoors or undercover.

Agency

- ✓ Store bedding inside to reduce the risk of contamination.
- ✓ Make your entire premises unattractive to wild birds. Use bird scarers, foils or streamers.
- ✓ Cleanse and disinfect footwear before and after tending to your birds. If you own more than 50 birds, you must place foot dips containing government approved disinfectant, at the correct dilution rate, at all entry and exit points. This is also advised for less than 50 birds.
- ✓ Clean and disinfect hard surfaces regularly.
- ✓ Clean and disinfect equipment and vehicles to avoid disease spread between premises.
- ✓ Minimise the movement of people, vehicles and equipment to and from bird areas and keep records of movements.
- ✓ You must keep records of movement of poultry, captive birds and eggs. This is in addition to the usual rules on recording bird deaths and medicine usage when you check your birds.

## **PLEASE READ: AIR AMBULANCE**

### **An appeal to all our villagers**

If you, your children or anyone you know plays in the recreation ground please always check with them that they have returned the goals to the edge of the field.

This is because the Air Ambulance **CANNOT LAND** if the goals are in the middle of the field.

If you pass the recreation ground or see anybody playing with the goals in the centre, could you please remind them (politely) that they should be returned to the edge after use, or move them back if you find them abandoned like this.

Thank you all for your cooperation.

# CREDITON HAMLETS PARISH COUNCIL

At the November Crediton Hamlets PC meeting Cllr Coren (MDDC) reported that MDDC will vote at full council on the Electoral Review Team's recommendation that the number of parish councillors for the Yeo Ward should be increased from 5 to 7. Councillors discussed flooding which occurred earlier in the year outside The Duck. Councillors were informed that the nearby drain has been cleared and the Highways Officer has said that the drain is sufficient to cope with run-off water during "normal" rain. Cllr Brimacombe commented that the drain blocked earlier this year when Yeoford received an exceptional amount of rain in a short period (1.25 inches of rain in 45 minutes).

The PC had received a letter from MDDC explaining that it has a funding gap in its 2023/24 budget which means it will have to reduce its services and focus on those it is required to provide by law. MDDC has requested that Town and Parish Councils deliver services directly or contribute towards them (examples included play areas, CCTV and cemetery maintenance). Councillors agreed that MDDC does not provide any services in the Parish with which the PC could assist and asked the Clerk to reply explaining their position.

Councillors voted to provide a prize of a £50 voucher to spend at The Duck for the winner of this year's Christmas Lights competition in the village. MDDC has confirmed that planning consent is not required for the proposed Bus Shelter in the village. The Clerk will apply to the DCC Locality Fund for a £500 grant towards the costs.

The next meeting will be on Monday 5th December at Yeoford Community Hall. If you would like to read the full minutes of the November Parish Council meeting, they are on the PC website. Please contact one of your councillors or Rachel Hodder, the Parish Clerk ([clerk@creditonhamlets.org.uk](mailto:clerk@creditonhamlets.org.uk) or 01363 85523), if there is something you would like to have discussed at the next Council meeting. Members of public are very welcome to attend any meeting and speak during the public session. Meeting details and contact information for Councillors are on the Parish Council website ([www.creditonhamlets.org.uk](http://www.creditonhamlets.org.uk))
